**Maternity portraits are best if completed
between the 27th and 35th week of pregnancy.**

**These sessions are customarily done in your home
with a white backdrop. Color is added through the use
of black, white, green or pink sheer fabric.**

**Your maternity session may include your
partner and existing children.**

**Though posing, the use of clothing, accessories and
even tattoos you will come away with some fun and
unique images to record this special time.**

What to wear?

**Depending on what you imagine your images to look
like, you can wear a nice dress or top that covers your
belly completely or we can use fabric to drape over
you, wrap you, or just have you hold on to.**

**For bare belly photo these or the closest thing to them
works great:**

- strapless black bra
- strapless white bra
- black and white bikini panties
- black tube top
- black tankini
- white tankini
- maternity top with a saying

**If you have any questions prior to your session,
please do not hesitate to call, text or email.**
